

2024 STUDENT SUMMER PARKING INFORMATION

Student summer permits will be available in the [parking portal](#) beginning 4/23/2024. They will be valid from 5/6/2024 to 8/23/2024.

Current 2023-2024 student permits are valid until 8/23/2024.

All student permits are valid in any student lot **EXCEPT** Lot N in Storrs during the summer. Student permits (except South Garage permits) DO NOT allow parking in the North or South Garage in Storrs or in any employee Area 2 spaces.

Please consult the appropriate [map](#) to identify student parking areas for the campus you will be going to.

All parking rules and regulations are still in effect and being enforced during the summer.

There will be no daily parking in the North Garage this summer due to maintenance activities. North Garage permit holders will still be able to access the garage.

A garage permit or hourly payment is required in the Storrs Garages 24 hours a day, 7 days a week, including during the summer.
