

2025-2026 STUDENT WINTER BREAK PARKING INFORMATION

Student winter permits are available on the parking portal.

Winter permits will be valid from 12/15/2025 to 1/19/2026.

All students who do not currently have a permit are eligible for a winter permit.

Current 2025-2026 student permits are valid until 8/28/2026.

During the winter break, all student permits are valid in any student lot.

Student permits DO NOT allow parking in the North or South Garage in Storrs (except North and South Garage permits) or in any space designated as AREA 1, 2 or 3.

Please consult the appropriate map to identify student parking areas for the campus you will be going to.

All parking rules and regulations are still in effect and are being enforced during the Winter break.

A garage permit or hourly payment is required in the Storrs Garages 24 hours a day, 7 days a week, including during all break periods.
